

April 13, 2010

To our friends and long-time customers,

The Golden Lamb is pleased to announce changes to better serve you.

A new management team, Phoenix Restaurant Group, will refresh our menu, keeping traditional favorites while adding new dishes. We also will update our interior, while preserving the Inn's unique heritage, and improve service and quality.

Phoenix Restaurant Group will lead the operation and renovation. They are well known for fine dining and service in historic properties like the National Exemplar at the Mariemont Inn and The Phoenix in downtown Cincinnati.

During renovation, we will continue to serve lunch and offer overnight lodging. Dinner will not be available until work is completed later this spring.

We appreciate your support and patronage. And, we look forward to continuing our over 200-year tradition of being an important part of the Lebanon community.

A handwritten signature in black ink that reads "Wym Portman". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Wym Portman
President
Lebanon House, Inc.
